Re: Web site

Dear John:

Just to let you know how much we appreciate our web site. It has been up and running for quite some time now, and the Board of Directors have been more than pleased. However, since I am a new manager here, I felt that it was time for a few updates. I was very pleased with your immediate response to my request, and am looking forward to viewing the site when the changes have been made.

When you were here last, you suggested several other things that could be done with this site. Once the initial changes are completed, I will be looking forward to your assistance in adding more items and making this site even better for the residents of Dolphin Cay.

Thanks again for all of your help,

Sincerely,
