Mr. John Heintz
Director Design Services
DalmoWorks Corp
P.O. Box 530158
St. Petersburg, FL 33747-01

Dear John:

I just wanted to take a moment to say a big "THANK YOU" to you and the entire DalmoWorks team. I can honestly say that I have never dealt with a company that was more service oriented than DalmoWorks, and, as someone in the service industry, I know how important that is.

Developing a web site can be very daunting for someone, like me, who does not work in that field. When I started the process I knew what kind of "feel" I wanted the site to have and you guys nailed it. I love my site and people who visit cannot stop talking about it. On top of that, DalmoWorks' consistent promptness with all the related requests I've made since we started working together has been nothing less than amazing.

Since my new site went live my business has grown exponentially, and the related work you've done for me (stationary, business cards, banners, and templates) has allowed me to really make a marketing impact.

Thank you again!

Best regards,

Perez & Associates

Fernando Perez III, Esq.
