Dear Mr.  Heintz:

On behalf of Thompson Goodis, I wanted to take a brief opportunity to thank you for the amazing work done on our website. It is so important that we present the same image online as we do in person. I think that you have brought that image to the World Wide Web! Moreover, and perhaps as importantly, we are bound by the Florida Bar's rules governing attorney conduct. Your company understood those rules, incorporated them into our website *and* managed to handle that without any loss of content.

Should anyone have any questions about your services, they should feel free to call us for a superior recommendation. Again, my thanks.

Very truly yours,

  
JEFFREY M. GOODIS
